Dear Ms. Sadowski

I am pleased to recognize the week of September 12, 2010 as "Direct Support Professional Recognition Week" in the State of Montana.

Direct support professionals play a vital role in the lives of individuals with disabilities and those needing healthcare attention of all ages. They are also an important asset to nurses in hospital settings, care centers, local clinics, and even private homes around Montana and the US.

I commend the efforts of The American Network of Community Options and Resources (ANCOR) to raise awareness and educate the public on the important role of direct support professionals.

I appreciate the care and contribution of direct support professionals that make a difference to millions of families.

Sincerely,

A handwritten signature in dark ink, appearing to be the name "B" followed by a stylized flourish.
